

EU-TYPE EXAMINATION CERTIFICATE

Equipment intended for use in Potentially Explosive Atmospheres Directive 2014/34/EU

Certificate Number: **Sira 04ATEX2110** Issue: **3**

Equipment: **Pulsar Guard 2001 Ultrasonic Sensor**

Applicant: **Pulsar Process Measurement Ltd**

Address: **Cardinal Building
Enigma Commercial Centre
Sandy's Road
Malvern
Worcestershire WR14 1JJ
England**

This equipment and any acceptable variation thereto is specified in the schedule to this certificate and the documents therein referred to.

CSA Group Netherlands B.V., Notified Body Number 2813 in accordance with Articles 17 and 21 of Directive 2014/34/EU of the European Parliament and of the Council, dated 26 February 2014, certifies that this equipment has been found to comply with the Essential Health and Safety Requirements relating to the design and construction of equipment intended for use in potentially explosive atmospheres given in Annex II to the Directive.

The examination and test results are recorded in the confidential reports listed in Section 14.2.

Compliance with the Essential Health and Safety Requirements, with the exception of those listed in the schedule to this certificate, has been assured by compliance with the following documents:

EN 50014:1997

EN 50020:2002

EN 50284:1999

If the sign 'X' is placed after the certificate number, it indicates that the equipment is subject to Specific Conditions of Use identified in the schedule to this certificate.

This EU-Type Examination Certificate relates only to the design and construction of the specified equipment. If applicable, further requirements of this Directive apply to the manufacture and supply of this equipment.

The marking of the equipment shall include the following:

II 1 G

EEx ia IIC T4 (Tamb = -20°C to +80°C)

Project Number 80091753

Signed: J A May

Title: Director of Operations

13 DESCRIPTION OF EQUIPMENT

The Pulsar Guard 2001 Ultrasonic Sensor contains a piezo-electric transducer that is energised via an integral printed wiring board; these electrical circuits being encased in a potting compound. A terminal block, two LEDs and a push button switch protrude from the potting compound. This assembly is then housed inside a cast stainless steel enclosure that affords a degree of protection of at least IP54.

The 3 way terminal block, J1, provides the facility to connect to suitably certified, intrinsically safe, shunt zener diode safety barriers or alternatively galvanic isolators whose output parameters must not exceed the following input parameters of the Pulsar Guard 2001 Ultrasonic Sensor:

Terminal block J1			
	Terminals 2 and 3		Terminals 1 and 3
U_i	= 28 V	U_i	= 28 V
I_i	= 93 mA	I_i	= 200 mA
P_i	= 0.65 W	P_i	= 0.5 W

Additionally for all three terminals combined

Terminals 1, 2, and 3

C_i = 15.6nF

L_i = 0μH

Variation 1 - This variation introduced the following changes:

- An increase in the input voltage to terminals 1 and 3 from $U_i=10V$ to $U_i=28V$.
- The inclusion of C_i = 15.6nF and $L_i=0\mu H$ to terminals 1, 2 and 3.
- In addition to the suitably certified shunt zener diode safety barriers in the equipment description, galvanic isolators are to be included.
- The change of company address from Pulsar Process Measurement Ltd, Oak House, Bromyard Road, Worcester, WR2 5HP, England to that currently shown.

Variation 2 - This variation introduced the following changes:

- Update the Notified Body number from 0518 to 2813 on the label drawing.

EU-TYPE EXAMINATION CERTIFICATE

Sira 04ATEX2110
Issue 3

Issue	Date	Report number	Comment
2	15 October 2019	2284	This Issue covers the following changes: <ul style="list-style-type: none">• Transfer of certificate Sira 04ATEX2110 from Sira Certification Service to CSA Group Netherlands B.V..• EC Type-Examination Certificate in accordance with 94/9/EC updated to EU Type-Examination Certificate in accordance with Directive 2014/34/EU. <i>(In accordance with Article 41 of Directive 2014/34/EU, EC Type-Examination Certificates referring to 94/9/EC that were in existence prior to the date of application of 2014/34/EU (20 April 2016) may be referenced as if they were issued in accordance with Directive 2014/34/EU. Variations to such EC Type-Examination Certificates may continue to bear the original certificate number issued prior to 20 April 2016.)</i>
3	02 August 2021	R80091753A	The introduction of Variation 2.

15 **SPECIFIC CONDITIONS OF USE** (denoted by X after the certificate number)

None

16 **ESSENTIAL HEALTH AND SAFETY REQUIREMENTS OF ANNEX II (EHSRs)**

The relevant EHSRs that are not addressed by the standards listed in this certificate have been identified and individually assessed in the reports listed in Section 14.2.

17 **CONDITIONS OF MANUFACTURE**

17.1 The use of this certificate is subject to the Regulations Applicable to Holders of CSA Certificates.

17.2 Holders of EU-Type Examination Certificates are required to comply with the conformity to type requirements defined in Article 13 of Directive 2014/34/EU.
